Ardmore celebrates reading in pjs

Early Childhood and Kindergarten students at Ardmore School came to school on Thursday in pajamas, bringing books, blankets and stuffed animals to help them celebrate reading. Here, children listen as Principal Katy Lynch reads the story of Corduroy to students in English and Lizzeth Fausto read the story in Spanish while students were able to follow along with the story that was projected on a large screen. Afterwards, students were given time to read books they'd brought from home, individually and in small groups.

Stone students step it up!

Stone School PE teacher Cyndi Bekkedal is leading a step aerobics class before school once a week for interested students. Mrs. Bekkedal had applied for a grant from the Addison School District 4 Educational Foundation for Excellence in order to purchase the fitness steps for use in 4th and 5th grade physical education classes. The before-school class has generated a great deal of interest among students who are able to participate and progress at their own fitness level. The District 4 Foundation is accepting grant applications during the month of January from teachers for projects like this that they would like to implement in the upcoming school year.
