

Dist. 4 seeks residents for strategic planning committee

ADDISON — At its regular meeting on January 25, 2011 the Board of Education approved a Strategic Plan process for Addison School District 4. As an early step in the plan's implementation, the Board and administration are organizing a Strategic Planning Committee. The committee will be charged with defining the school district's vision, mission and core beliefs in order to develop goals that will provide direction for the school district in the years ahead. The strategic planning process is important for the school district to undertake in order to best serve the needs of the school community.

To help District 4 maintain its commitment to excellence in educating all children, the school district is reaching out to business and industry representatives, community leaders, parents and students to serve on the Strategic Planning Committee. Committee members will be asked to dedicate a block of time on Friday, March 18 from 6-9 p.m. and Saturday, March 19 from 8 a.m.-4 p.m. to the strategic planning process.

Anyone interested in serving on the Strategic Planning Committee is asked to contact Maureen Hansen at 630-458-2425 or mhansen@asd4.org by Friday, February 25.
