## ***Mayor Hartwig, others exercise together at Fullerton School***

Fullerton School students and staff were joined by Mayor Larry Hartwig, School Board Member Jim Towns and Superintendent John Langton as they participated in Project ACES (All Children Exercise Simultaneously) on Wednesday, May 4. Project ACES is a 23-year-old initiative that highlights physical activity by getting children around the world to go out and exercise on the same day at 10 a.m. (local time). At Fullerton, PE teacher Karen Coffinbargar coordinated the morning activities where everyone danced to Michael Jackson's 'Thriller' and paraded around the playground in conga lines.
