

# Lake Park students learn hand percussion

ADDISON — Music students at Lake Park School had the opportunity to explore the world of music in an interactive manner thanks to a teacher mini-grant that was awarded to music teacher Elyse Willis by the Addison School District 4 Educational Foundation. With the help of this grant, Willis purchased hand percussion instruments such as maracas, triangles, tambourines, hand drums, boomwhackers and much more.

The fifth grade students at Lake Park School completed a lesson on world drumming, the exploration of different musical patterns from different countries.

Lake Park second graders tried their hand at an instrument exploration lesson with the new percussion instruments obtained by music teacher Elyse Willis through a grant provided by the District 4
