

Welcome to Ardmore School

Dear Ardmore School Families:

Ardmore School is a unique building, housing a variety of preschool programs as well as general education, special education and bilingual kindergarten. We are tucked away within a friendly residential neighborhood in Addison, Illinois. Ardmore teachers and staff members are dedicated, caring professionals who are committed to children and the learning process. We strive to make Ardmore a vibrant, welcoming learning community.

At Ardmore we know that partnerships with parents, families, and the community are essential to children's learning and success. We are fortunate to have supportive families and a dedicated PTO working on behalf of the children of Ardmore. Our PTO and parent/family volunteers graciously share their time and talents with us. We thank them for the contributions! Our community partners include the Addison Police & Fire Departments, the Pioneers, and Junior Achievement, along with many local businesses and community groups. It is the combined efforts of our faculty/staff, students and their families, and community members that makes every Ardmore All-Star student shine brightly!

Ardmore School provides the following programs for identified children and their families so that they can be the best that they can be:

- *Breakfast program*
- *Developmental Screenings*
- *Pre-school At-Risk program*
- *Bilingual classrooms in Spanish*
- *Parent workshops*
- *Intervention services including Title 1, ESL and Resource*

We invite you to learn more about Ardmore School through this website. Please feel free to contact me with any questions, concerns, or comments.

Sincerely,

Michele Ramsey
Ardmore Principal
