

Army Trail PTA

September 2010 Edition

Our PTA is committed to providing and organizing many great activities and programs for the students of Army Trail School throughout the year, but we can not do these without the help of parents and volunteers! Our 2010-2011 budget is set and we will need to raise \$6,000 in order to meet our goals for this year. A big part of that is raised with our fall Innisbrook fundraiser that is now in full swing. Most of our activities are organized to bring our community together. We need your help in order to make this a wonderful & successful year for our community! Please consider volunteering even a little of your time with one of our events, in the school, or at home helping with some of our behind the scenes tasks. Your child will notice your interest in their school and will benefit from your involvement! You will likely enjoy it as well!

Some of our volunteer opportunities are included here & will be listed in each of our monthly newsletters. Please contact us at
