Speech Therapy

October is a special month in speech therapy because we do a lot of fun activities associated with Fall and Halloween! Every child will get an apple on the “speech tree” when they complete their tenth homework assignment!! We will talk about adjectives, short & long vowels, and categories such as leaves, holidays & Fall activities. Also, we will work on speech sounds that apply to all of these activities.

I am very proud of all of the students this year! They are completing homework, looking forward to coming to speech, and remembering what day they have speech. Their speech skills are improving, and I am getting to know all of their personalities.

If you ever have a question about homework or your child’s progress, please e-mail or call me, and I will get back to you promptly. My e-mail address is: ccorey@asd4.org and my office phone number is 458-2968.

Have a Happy and Safe Halloween!!!

Mrs. Corey
