

February News

Room 5-Mrs. Infantino

Be My Valentine....

General Info:

Show your Valentine spirit by buying Mood Pencils for friends, classmates, and family. Mood Pencils are the newest craze and change colors depending on your body temperature and mood. Student Council will be selling Mood Pencils for 50 cents during the week of Feb. 13-17th during lunch. Come on...buy a Mood Pencil!

Reading Comprehension: We will be focusing on reading strategies. Comprehension checks will be coming home several times a week. Students should be using a highlighter to find their answers and number them in the text. The strategy of going back and finding the evidence is so important for student success!

Math: What is the area of our classroom? What does the word "perimeter" mean? Our math focus will include measurement for the next few weeks. Students will be exploring the concepts of area and perimeter, as well as, using rulers to measure various objects.

Accelerated Reader

We are wrapping up Accelerated Reader for the second trimester. Students are encouraged to read Accelerated Reader books that they check out from the library for 20-30 minutes each night. They will be required to take comprehension quizzes on each book. Please remember to read with your child at night. The benefits will last a lifetime! The deadline for A/R points is February 24rd!
