

Dear Parents,

As we move into this exciting time of year, I would like to say Happy Holidays to all of you! Whether you celebrate Christmas, Hanukkah, Kwanzaa, or just the upcoming New Year, I hope this is a wonderful time for all of you!

Time is flying by, and we have learned so many things in Speech Class this year. The children are increasing their knowledge of analogies, comparing & contrasting, and compound sentences. The students who are focusing on articulation skills are making great strides in producing all of their target sounds in words, phrases and sentences. The fluency students are using slow and easy speech, and we are all becoming better listeners!

Thank you to all of the parents who practice and complete the speech homework with their children. It is greatly improving the children's skills, and it is helping them earn their stickers for their speech folders. Every time you sign a completed homework sheet, your child earns a sticker. For every 10 stickers earned, your child receives a prize from the prize box. Most children have received 10 stickers at this point, so if your child has not earned 10 stickers, they may need to finish some of their speech worksheets.

Again, have a wonderful holiday season, and enjoy the winter break from December 19th to January 3rd! I look forward to seeing all of you in the New Year!

Mrs. Colleen Corey
Speech-Language Pathologist
Fullerton School
